

SAOIRSE RONAN

Saoirse Ronan talks with Jimmy Kimmel about how her first name is hard to pronounce. They have taped people out on the street beforehand trying to pronounce it, and all badly mangle it. Then each one of those taped people, ask her how she would pronounce their name. Their name appears on the screen and all of them have very unusual names. Kimmel's people have also found someone who has the same first name of "Saoirse", but pronounces it differently.
