

WHAT'S CONAN WATCHING?

The INFO button on Conan's TV says what the shows are really about.

This Is Us: "A very special episode where the writers admit that they're just recycling old scripts of 'Thirtysomething'."

Master of None: "Watch now before they replace the lead actor."

Wheel Of Fortune: "Because let's face it; you're not a 'Jeopardy' level TV-watcher."

Jeopardy: "We don't sell vowels here, bitch!"

Judge Judy: "Better than watching similar videos of your Aunt in her robe yelling at strangers."

WWE's Monday Night Raw: "Your wife frowns on you watching gay porn? Try this instead."

The Grammys: "If you're lucky, Kanye will have another nervous breakdown."
